Beach Tennis

combines everything that is good about San Diego. The beach, the sun and the active outdoor lifestyle. Beach Tennis is played on a regulation sand volleyball court using tennis rackets and a pressureless tennis ball. A doubles team of two per side rally the ball over a 6 foot 2 inch net without letting the ball bounce. A match consists of a No-Ad 8 game pro set. Players are only allowed one serve and balls that hit the net are good including serves.

Beach tennis is fun to watch and even more exhilarating to play. It is easy to learn and appeals to tennis players, volleyball players and to the active San Diego beach crowd. The sport is new to San Diego, first introduced at the Beach Smash in Mission Beach in June of 2007. Beach Tennis is played by 11 million players world-wide in over 50 countries.

Beach Tennis is Back! The 2nd Annual Pro Beach

Tennis Smash will be held in Ocean Beach June 7-8th. This years event will have expanded adult and children's divisions.

Mike Fedderly and Ken Kuperstein: Men's Winners in San Diego.
