**Springboard West Music Festival Returns to San Diego January 10 – 12**

*Public invited to Band & Brew Crawl where artists put on show of their careers in Ocean Beach*  
October 8, 2018 (San Diego, CA) – [Springboard West Music Festival](#), dubbed the “music discovery festival”, is back in San Diego for its third year in a row. For three days, emerging artists from all over the world, industry professionals and locals will gather in Ocean Beach to celebrate the future of music.

The conference and festival mashup begins on Jan. 10 with a two-day “Band Bootcamp” where 40 bands and 10 solo artists cherry picked from the over 3,000 submissions will attend workshops, panels and pitch sessions with veterans and professionals in the music industry. This year’s confirmed mentors include Guns N’ Roses’ first manager, Vicky Hamilton, award winning producer, Dale Penner, and casting directors from “American Idol”, “The Voice” and “The Four”.

Springboard West culminates Jan. 12 with the wildly popular Band & Brew Crawl, which will feature all 50 artists performing at Winston’s, OB Theatre, The Harp, Mother’s Saloon and, new this year, OB Brewery. The Band & Brew Crawl is open to the public.

“All of the mentors and industry experts are donating their time to give back to the next generation of independent artists,” says Founder and Creator of Springboard Music Festival, Barry Coffing. “I am so excited to see how our impact on the lives of everyone involved has grown, mine included.”

Springboard Music Festival made its way to San Diego in 2017 after years of uber-success in Houston. In the past, the festival has mentored and featured over 500 artists and assisted with over 100 career-changing deals including recording, management and publishing contracts. Check out “The Springboard Effect” success stories [here](#).

Tickets to the Band and Brew Crawl are \$20 and can be purchased [here](#). All proceeds benefit local nonprofits, [Autism Tree Project Foundation](#), [Pioneer Day School](#), and nonprofit focused on helping artists create a balance between artistic focus and economic reality, [Sustainable Artists](#).
