Bring your weeding & planting skills to the OB Beautification grassroots group. Join us this month to sow pollinator plants that will attract bees and monarch butterflies, plant cactus and succulents. As well as removing weeds between the succulents planted by this group during 2022 along the west side of the Sunset Cliffs Blvd entry point to OB. Meet up at Ocean Beach Athletic Area Robb Field. Look for the blue EZ-Up Tent.

Bring plants to donate, gloves and gardening tools if you have them.
