Security Patrol Performs CPR

At the March 9, 2016, Farmers Market, our private security officers from National Public Safety were on foot patrol when someone ran out of Pacific Shores to request their assistance because one of their employees had collapsed. The guards rushed over, and upon arrival, they found the employee unresponsive. Security patrol Capt. Chuck Henning performed CPR until the paramedics and SDPD arrived. The employee was transported to the hospital. Many thanks to Capt. Henning! Our security team has become a visible, positive presence in our community. They have made a critical difference a number of times in the past month alone in providing assistance to the police in apprehending and identifying suspects in crimes. For more information about the OB Security Program, please contact the OBMA office at 619-224-4906.

Inn at Sunset Cliffs

We have completed remodeling our entire lower terrace. For you who know the property, the deck needed some serious attention. After the damage from the super king tide that we just experienced at the end of 2015, the construction was necessary. Take a look at the biggest, closest deck to the ocean, and nicest deck on the entire West Coast. No other location is like our deck on the ocean! 1370 Sunset Cliffs Blvd., 619-222-7901 www.innatsunsetcliffs.com.
